

FUTURE 50 SCHOOLS SHAPING SUCCESS

(Another milestone for The Assam Valley School)

Future 50 Schools Shaping Success is a first of its kind certification powered by Fortune India and Univariety. The initiative aims to recognize the efforts put in by schools in crafting students careers and shaping success. It was conceptualized to create a platform for schools for learning, sharing best practices and to aspire schools. What sets it apart is that it is not an event but a yearlong process to help schools reach newer heights and further improve on ensuring student success.

The Assam Valley School entered the Hall of Fame of Future 50 Schools Shaping Success.
